# SEALANT CUTOUT KNIVES The Original PipeKnife®

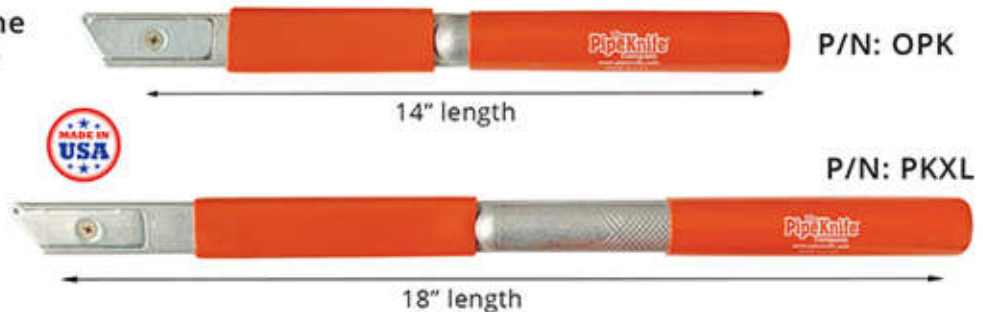

Invented in 1987 to cut out windshields, now includes over 25 variations to cut out and remove sealant in concrete expansion joints window deglazing and countless other uses.

## THE ORIGINAL PIPEKNIFE®

Still the most popular design, the round-handle is available in 14" and 18" lengths.

Includes extra blade storage in handle.

Insert ½" pipe in the end to customize the length.

### Private Handle Label & Colors

Handle Colors available

Extra blade storage compartment in handle

P/N: CIM5GALMIXER

# ELECTRIC CAULK CUTTER, SPECIALTY BLADES AND TOOLS

The PipeKnife® Company has designed and manufactured a complete line of popular and special blades for the Sonicrafter® and many other popular electric oscillating tools.

## SONICRAFTER® OSCILLATING TOOL

The Rockwell Sonicrafter® electric cutout tool specs:

- 20,000 strokes per minute
- 6 position variable speed
- 5 amp motor
- Tool w/ Soft Case

P/N: VKPRO Tool w/ case

Kit - 6in1 Tool, (5) Tooling Spatulas, (5 Pack) RSBS Blades, Hook Tool

P/N: VKPROKIT

P/N: RSBS-5

P/N: VKBS-5

P/N: VKBL-1

P/N: VKINS

The PipeKnife oscillating blades are specifically made for the FEIN Supercut or Sonicrafter tool. Use the VKINS insert to turn the FEIN type blades into blades for the Sonicrafter.

P/N: RSBM-5  
Fits the  
Sonicrafter

P/N: VBM-5  
Fits the FEIN  
Multi-Master

The mushroom blade is designed to cut the inside wet seal to remove glass. Made from spring steel the blade can be flexed to reach tight spots.

## ZEC DISC WHEELS

ZEC abrasive disc wheels are used to remove old sealant, prep surfaces and clean joints. Stocked in 4.5" and 7" diameter and 8 and 16 grit. (Always use safety glasses when using ZEC wheels and operate at slow RPM's).

P/N: ZEC4.5

P/N: ZEC7

P/N: ZECNUT

## UNIVERSAL BLADE

The VKU blade can be used on many other oscillating tools.

P/N: VKU-5

## SPECIALTY BLADES

P/N: RKB202

P/N: RKB203

P/N: RKB204

P/N: RKB90  
Bent tip

The PipeKnife® Company manufactures multiple specially designed blades for the electric caulk cutter tools. Designed with offsets, special bends and tips, the blades are used to remove multiple pane glass, recessed areas, auto glass and difficult-to-reach locations. Packaged in units of 1 blade the hole pattern is designed for use on the FEIN Supercut and with the insert for the Sonicrafter tool.

# SPECIALTY CAULKING TOOLS AND ACCESSORIES

The PipeKnife® Company stocks several unique items for special caulking applications including the very popular Slick Company Double-End Slicks and a new rubber tip spatula set.

## SPECIALTY NOZZLES

The Flex Nozzle extends up to 12" long and remains flexible even when full of sealant. Ideal for firestop applications, difficult to reach areas and recessed joints.

Comes in a pack of 3 and ideal for 10 oz and 29 oz tubes.

P/N: FLEXNOZZLE

**NEWBORN**

The **Flip N Spread** system delivers consistent, wide-coverage adhesive application in a single pass and is ideal for liquid flashing, flooring adhesives and many other applications.

P/N: FLIPNSPREAD

## SPECIALTY TOOLING SPATULAS

**BeadBuddy45™** A nozzle system for hard to reach places. Extends with various included attachments, articulates at 45° angle and can be used on bulk and sausage tools.

P/N: BB45

Self-puncturing cone  
P/N: PUNCTURELG

Popular in the Western USA the Slick Company double-end slicks provide a double end profile for multiple types of joints. The SLICKS are also all the same length to provide extra control.

P/N: SLICKSET

4 piece Spatula Set  
0.78" - 1.1" - 1.4" - 1.7" Tips  
P/N: SILSPAT

## REVOLVER WRAP

The REVOLVER WRAP is an accessory designed for sausage or bulk gun barrels. The wrap insulates the barrel and holds a complete set of metal tooling spatulas.

P/N: REVOLVER - Wrap Only

Wrap and Spatula Kit  
P/N: REVOLVERSPAT

3 heat pads included

10oz Tube Warming Wrap  
P/N: HCWRAP

Jumbo Roller and Frames

# ARCTIC WARMERS® WARMING WRAPS & BAGS

Electrical heating bags, wraps and hoses to keep tubes, cans, buckets, cylinders and barrels warm. Private label and colors available on most products.

## CAULK WARMING BAGS

Holds up to 12 tubes, 8 sausages as well as foam cans and two-part epoxy tubes. Maximum temperature is 115° F.

P/N: WB60908

The Jr. bag holds up to 4 tubes, 3 sausages etc. Max 105° F. Ideal to heat material quickly.

P/N: WB50509

## PAIL WARMING WRAPS

1 Gallon Wrap

P/N: 0609-CNW

Electric warming wraps for smaller buckets. Quickly heats up material with a 105° F set-temp.

2 Gallon Wrap

P/N: 0609-PLW2

5 Gallon Wrap

The 5 gallon bucket wrap is good for temperature sensitive material including fire-stop, epoxy and urethanes.

Max temp. is 115° F.  
P/N: 0609-PLW5

## SPRAY FOAM WARMING WRAPS

Dispensing of spray foam is highly dependent on temperature. Our two-wrap systems are designed to heat and insulate material for the ideal temperatures for various spray foam systems.

WRAPS are available for 100, 200, 600 board feet and 17 gallon spray foam kits.

P/N: PLWCLOW (Single Low-Temp Cylinder Wrap for 20# Cylinder)  
P/N: 111213TCWS (Low-Temp Cylinder Wrap Set for 20# Cylinder)  
P/N: 0913CNTW (Twin Cylinder Wrap Set for 100/200 Board Feet)  
P/N: 0112CWS (Twin Cylinder Wrap Set for 17 Gallon/Tall Tanks)

The 55 Gallon wraps have dual temp sets of 80° and 100° F to warm and insulate the spray foam material. Combine with the 25' heated hose wraps to create a complete thermally controlled delivery system.

P/N: 0512 DW (55 Gallon Drum Wrap 1 pc)  
P/N: 0911HWS - 25' Heated Hose Wrap Starter Unit  
P/N: 0911HWE - 25' Heated Hose Wrap Extender Unit  
(combine up to 6 w/ starter unit)

25' Heated Foam Hose Sleeve

## PALLET / TOTE CONTAINER THERMOSTAT CONTROL

Pallet / Tote  
Thermostat Control

Includes Cover w/ Velcro® to seal top to side walls  
Temp Range 50°F - 200°F  
Power: 120V - 2250W  
P/N: TOTEWAP

The PipeKnife® Company is proud to manufacture many of the items in the catalog in the USA, including 100% of our cutout knives. Our suppliers are located in Michigan, New Jersey, Kansas, Florida and of course our home state of Colorado.

The PipeKnife® sealant cutout knife was commercialized in 1987 to cut the urethane when removing a windshield. Several years later glazing, caulking and waterproofing contractors expanded the use of the PipeKnife® to remove old sealant from expansion joints in windows, sidewalks, parking structures and many other applications. Today the PipeKnife® Company specializes in manufacturing and selling several unique tools for the glazing/caulking/waterproofing markets as well as autoglass replacement markets.

In 1993 Dell Skluzak purchased the assets of PipeKnife® Company and has built the Company into one of the largest suppliers of specialty tools for restoration contractors. The PipeKnife® Company currently manufactures or stocks over 1,000 items and has patents or patents pending on almost a dozen tools.

The PipeKnife® Company searches out high-end contractor grade tools and unique products, including the line of sealant warming bags and wraps added in 2016. We are proud to manufacture many of our tools in the USA. Simply look for the MADE IN USA LOGO to purchase those tools.

We thank all of our suppliers, distributors and contractors for your support and business.
